

Who We Are

Pender was founded in 2003 and is an independent, employee-owned investment firm, managing \$4.15 billion AUM¹, headquartered in Vancouver, BC, with offices in Toronto and Montreal.

Protect

Our Goal is to Protect and Grow Wealth for our Investors Over Time

We believe that real investment risk is not measured by market fluctuations, but by the probability of a “permanent loss of capital” and the risk of an inadequate return. We focus on the Trinity of Risk, or three primary interrelated sources of danger to be avoided: **business risk**, **valuation risk** and **balance sheet risk**.

Grow

To compound wealth over time, we foster an investment edge, aiming to compound wealth over time by capitalizing on what we believe to be mispriced securities in the market.

Analytical

- Assess information and data differently than others.
- Find underfollowed, unloved or misunderstood opportunities.

Behavioural

- Be patient and self-aware of psychological biases.
- Be greedy when others are fearful and fearful when others are greedy.

Organizational

- Impose fewer restrictions on our portfolios and managers.
- Be nimble in order to take advantage of unique or limited opportunities.

Responsible Investment – The Pender Way

Our portfolio managers and analysts integrate Responsible Investing and ESG analysis into each investment mandate to preserve and grow our clients' capital. We are committed to continuous education and optimization, and consistent monitoring and reporting.
